ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was received electronically at the Board of Patent Appeals and Interferences on August 4, 2008. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matter(s) requiring attention prior to docketing are identified below.

The following certified English translation of WO02/24153A1 listed under the Evidence Relied Upon section of the Examiner's Answer filed on December 28, 2007, is missing from the IFW file. Appropriate correction is required.

MPEP 1207.02 states in part:

If a document being relied upon by the examiner in support of a rejection is in a language other than English, a translation must be obtained so that the record is clear as to the precise facts the examiner is relying upon in support of the rejection. The translation should be obtained prior to the appeal conference so that the participants of the appeal conference can consider the translation. The examiner should reference the pertinent portions of the translation at least in the grounds of rejection section of the answer. See MPEP § 706.02 for reliance upon abstracts and foreign language documents in support of a rejection.

**Accordingly, it is**

**ORDERED** that the application is being electronically returned to the Examiner to have the certified English translation for WO02/24153A1 scanned into the record and for such further action as may be appropriate.

If there are any questions pertaining to this Order, please contact the Board of Patent Appeals and Interferences at 571-272-9797.
